

School Of **Pharmacy**

Jiangsu University

2020.06.18

“

The "**Pharmacology & Toxicology**" discipline enters the **top 1%** in the ESI world ranking

**Great
Educational and Academic Level**

Basic information

Undergraduate Programs (3)

Pharmacy

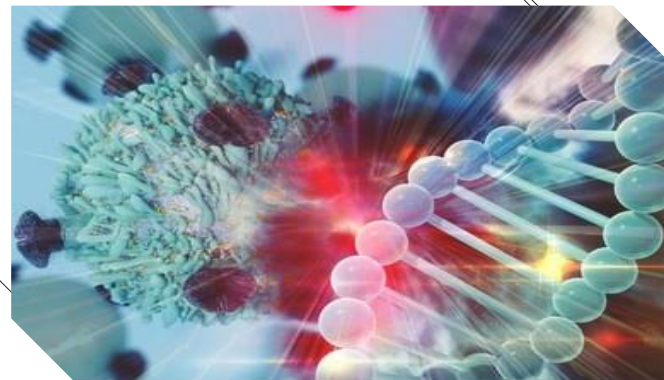

English-taught / Chinese-taught

Pharmaceutics

Chinese-taught

Pharmaceutical Engineering

Chinese-taught

Basic information

Graduate Programs (2)

Pharmacy

Pharmaceutical Chemistry

Pharmaceutics

Pharmacognosy

Pharmacology

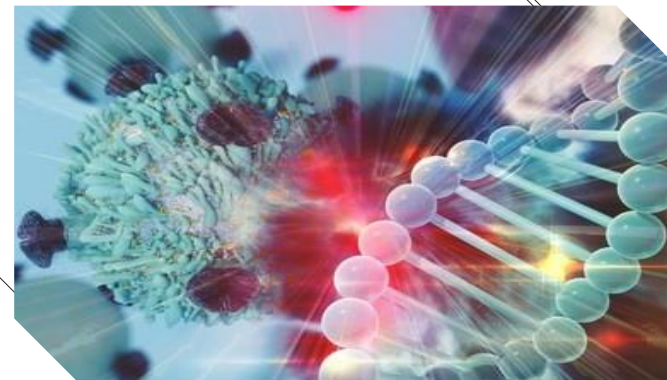

Chinese Materia Medica

Chemical Constituents of TCM and Natural Medicine

Quality Control of TCM and Utilization of Medicinal Resource

New Dosage Forms and Technologies for Preparation of TCM

Mechanism of Medicine-target Interactions and Toxicology of TCM

Our Faculty

 **Exceptional**

54 Full-time teachers

12 Professors

31 Associate Professors

42 Postgraduate supervisors

Penn
UNIVERSITY of PENNSYLVANIA

NUS
National University
of Singapore

Outstanding professors

Great academic level

Xu Ximing

Prof.

Wei Yuan

International Cooperation

■ Key International Cooperation Projects of the National Natural Science Foundation of China

Project:

“Biomimic 3D printed self-crosslinking gels for local, gradient, and long-term drug delivery and spinal cord regeneration”

Grant 2.33 million RMB

Teamwork

School of Pharmacy & Harvard Medical School

International Cooperation

 **The Strategic International Science and Technology Innovation Cooperation Key Project of National Key Research & Development Program**

Project:

“licorice innovation research and development of active ingredient”

Grant 10.41 million

School of Pharmacy & Tashkent State Agrarian University

Total number of research projects

100+

Total research grant funds (rmb)

60 million +

International

Students

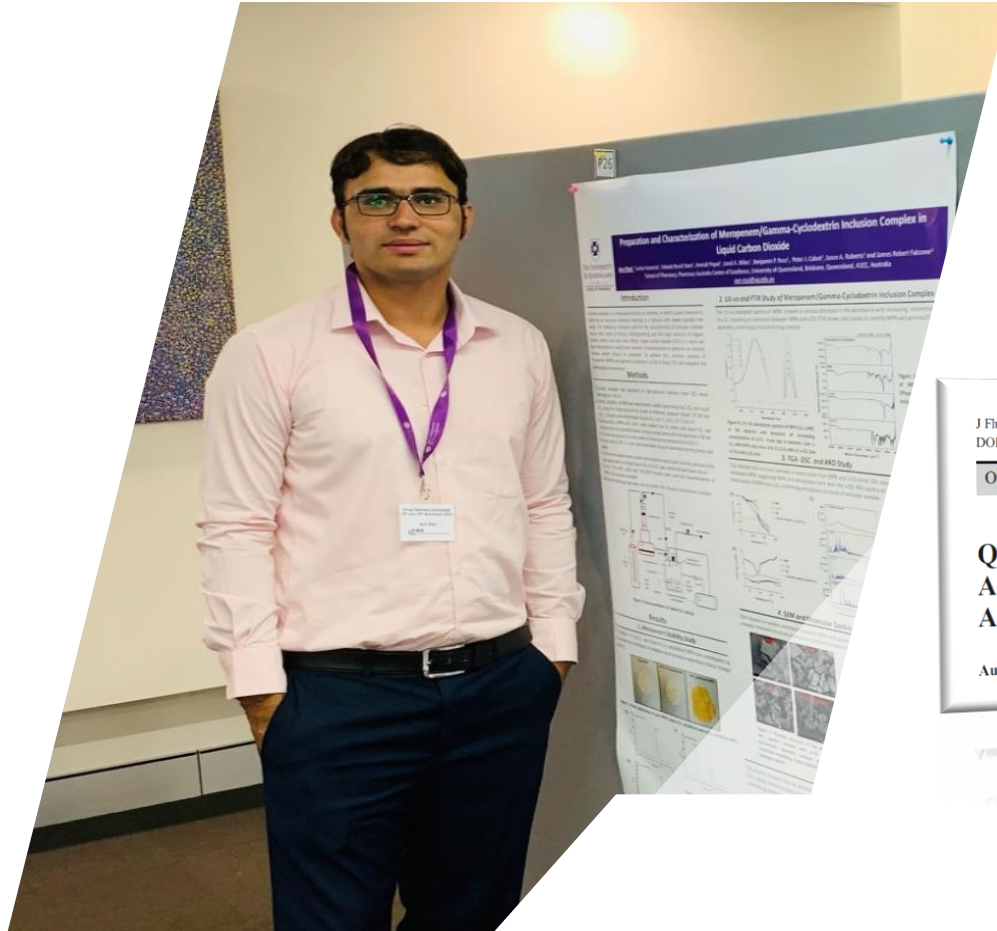

Number

The pharmacy school has recruited about **100 international students**, including **8 graduate students**

Date: 2020.06

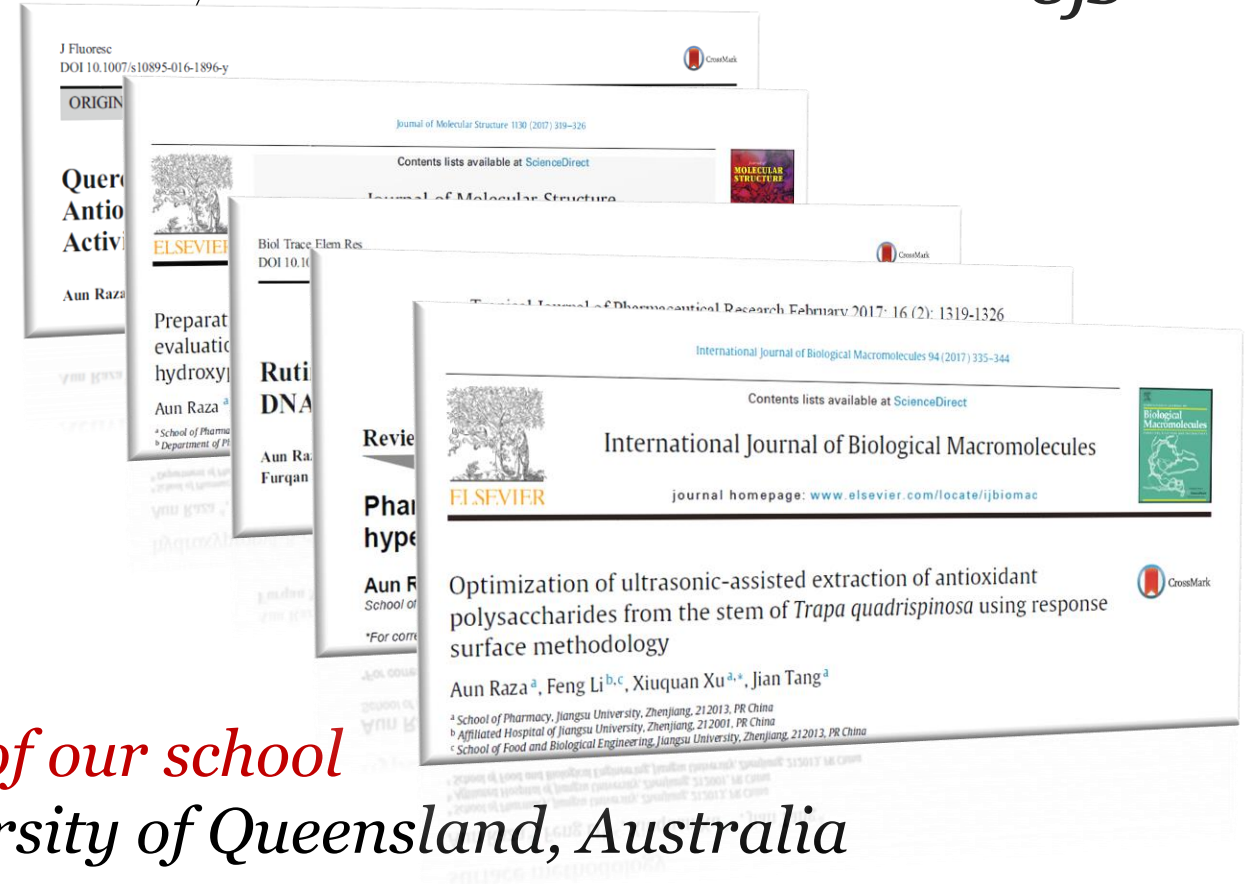

Outstanding Graduates

UJS

Aun Raza from Pakistan

*The first international graduate student of our school
His is now a Ph.D. candidate in the University of Queensland, Australia*

Excellent Courses

“

e.g. **Pharmaceutical Analysis**

provincial-level

course director: prof. Tong Shanshan

Pharmaceutical Molecular Biology

provincial-level

course director: prof. Liu Hanqing

Industrial Pharmacy

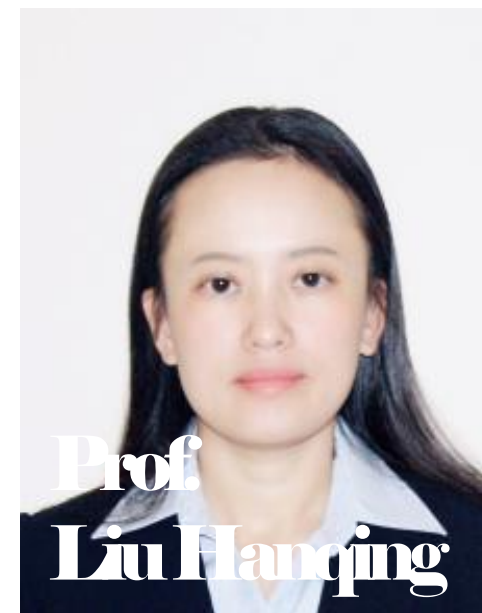

school-level

course director: prof. Zhu Yuan

Chinese Materia Medica

school-level

course director: prof. Yang Huan

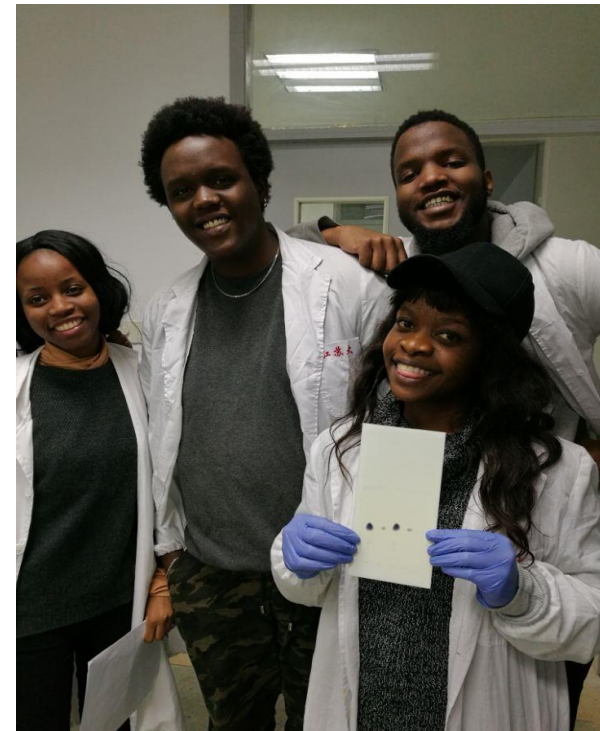

Great Laboratory Condition

Various Internship Opportunities

“

*e.g. Hospitals
Pharmaceutical factory
GMP practical training
Community pharmacy services*

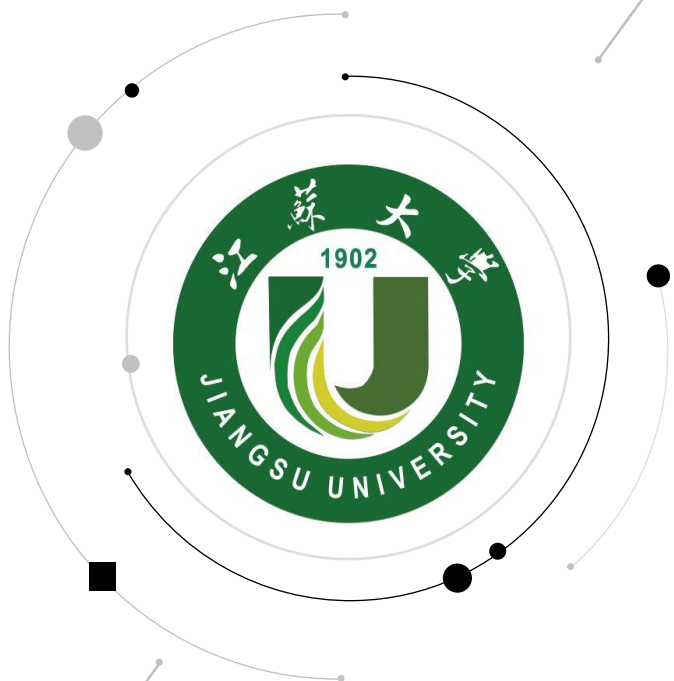

Colorful Campus and Social Activities

**Welcome to
School of Pharmacy**

Welcome to UJS

Thanks
